Thrift Store Supporters Make a Difference in 2020

Like you, the Agrace thrift stores had their share of challenges in 2020. When we abruptly closed in March, we were not sure what the rest of the year would look like. Reopening in June proved thrift store donors and shoppers were waiting to support Agrace!

Donors came through BIG, with donations at a level never seen before. The "corona cleaning" frenzy provided us with the quality and quantity of merchandise we needed to satisfy our shoppers. As we re-opened, our store managers embraced the chance to make Agrace thrift stores a safe shopping environment for customers, staff and volunteers. We will continue requiring masks, cleaning frequently and managing store customer levels in 2021.

Your support—donating, shopping and volunteering—has helped Agrace keep our patients and their families safer during the pandemic; ensure *all* in our community can access quality end-of-life care, even if they cannot pay; and care for those in our community who are grieving the loss of a loved one. You are an important part of what we do. **Thank you!**
